ISF TECHNICAL DATA SHEET

Liming Paste - Solvent Based

FEATURES

- Aged Antique effect process
- Easily re-coatable with all topcoats
- Quick & easy to use solvent system

USES	Interior joinery & furniture
TOPCOAT	Liming Paste (18308) White Liming Paste (19825) Black Sprayable Liming Paste White
APPLICATION EQUIPMENT	Brush, rag, sponge, or Spray version

APPLICATION PROCESS

Stir & mix the product well prior to use.

Products are supplied as 'ready for use' viscosity for hand or spray application.

Test application recommended to ensure desired finish is achievable.

Apply the Liming Paste across the grain ensuring all recess areas are filled.

After 5-10 Minutes remove excess with a clean rag or sponge until required finish is achieved.

Once dry apply desired finish lacquer to seal in.

FURTHER INFORMATION

Storage Temperatures should be maintained above 5°C.

Clean all equipment using ISF Spray Gun & Brush Cleaner.
